

KAMALESH S

B.Tech Information Technology Graduate | Aspiring Control Room Specialist / IT Systems Support

Kallakurichi, Tamil Nadu | 9677643687 | kamalesh.s.it.2023@snsct.org

LinkedIn: linkedin.com/in/kamalesh-sekar-56aa60330 | GitHub: github.com/kamal-420 | Portfolio: kamal-s.netlify.app

PROFESSIONAL SUMMARY

B.Tech Information Technology graduate with hands-on experience in systems monitoring, troubleshooting, and cloud-based real-time data tracking, backed by verified training in Cloud Computing, Microsoft Azure Fundamentals, and Computer Systems Security. Built an AI-powered code assistant that detects errors and diagnoses issues, and an IoT pipeline that monitors sensor data in real time via AWS. Strong attention to detail, DBMS and database fundamentals, and a track record of quickly learning new tools and technologies across multiple certifications and hackathons. Seeking a Control Room Specialist / IT Systems Support role in a fast-paced, high-availability operational environment.

TECHNICAL SKILLS

Systems & Monitoring: Real-Time Data Monitoring, Cloud Computing, AWS (IoT), Microsoft Azure Fundamentals (AZ-900)

Databases: SQL, DBMS, MySQL, MongoDB

Programming Languages: Python, Java, C, JavaScript

Troubleshooting & Support Tools: Error Detection & Debugging (OpenAI API-based tooling), NLP, PDF Processing

Data Analysis Tools: Microsoft Excel (Formulas, Pivot Tables), Power BI, Data Visualization

Developer Tools: Git, GitHub, Visual Studio Code

Core Concepts: Data Structures, Object-Oriented Programming (OOP), Problem-Solving

Soft Skills: Communication, Teamwork & Collaboration, Attention to Detail, Time Management

EDUCATION

B.Tech, Information Technology | SNS College of Technology, Coimbatore, Tamil Nadu

CGPA: 7.52

Diploma, Computer Science Engineering | Muthayammal Polytechnic College, Namakkal (2021 – 2024)

CGPA: 84%

RELEVANT PROJECTS

Sense-to-Cloud — Real-Time IoT Monitoring with Raspberry Pi & AWS

%İ Implemented an end-to-end IoT pipeline connecting Raspberry Pi sensors to AWS cloud services for continuous, real-time data monitoring — directly applying dashboard and alert-based system monitoring.

AI Code Assistant — Error Detection & Diagnostic Tool

%İ Built an AI-powered tool using the OpenAI API and Streamlit that detects code errors, explains root causes, and suggests fixes — applying systematic issue investigation and troubleshooting.

%İ Designed the frontend interface with HTML and CSS for a clear, user-friendly diagnostic experience.

AI ATS Resume Analyzer — Data Analysis & Compatibility Scoring Tool

%İ Developed a Python and Streamlit tool that analyzes documents against a rule set, identifies gaps, and generates accuracy-based scoring and recommendations.

SmartCompress — Desktop Image & Video Compression Tool

%İ Engineered a Python desktop application with multi-threading and live status tracking, monitoring batch job progress and processing statistics in real time.

EXPERIENCE

Backend Development Intern | LET'S GAMETECH, Coimbatore

Dec 2025 (30 Days)

%İ Trained in Node.js, MongoDB, and DBMS-based backend development through a 30-day industrial internship, applying concepts to real-world application logic and troubleshooting.

Frontend Development Intern | dsignz media, Coimbatore

Jun – Jul 2025 (21 Days)

%İ Completed a 21-day industry training program in Frontend Development, applying HTML, CSS, and JavaScript in hands-on UI exercises requiring close attention to detail.

CERTIFICATIONS

%İ Microsoft Azure Fundamentals (AZ-900) — Cursa | Cloud Computing: Beginner to Advanced — University of Illinois, via Cursa

%İ Computer Systems Security — MIT, via Cursa | Full Stack Web Development — Cursa

%İ Career Essentials in Generative AI — Microsoft & LinkedIn Learning

%İ Diploma in Computer Application (DCA), Grade A — CSC | Computer Hardware & Networking (80 hrs) and Android Development (80 hrs) — Value Added Institute, Salem

ACHIEVEMENTS & HACKATHONS

%İ Secured 2nd Place in Skillathon '26 — Sri Ramakrishna College of Arts & Science, Coimbatore

%İ Participated in Adobe India Hackathon, MOSIP Decode 2025 (IIIT Bangalore), and Odoo x SNS Coimbatore Hiring Hackathon '26, via Unstop

%İ Attended the AR/VR: Creating Immersive Experience for Beginners workshop at NETRIX '25, KPR Institute of Engineering and Technology
